- 5.2 You shall pay the amount due to us by the payment date(s) shown on the invoice or by the payment date that may otherwise have been agreed by us. If any amount remains unpaid 14 days after the due date for payment, We may (in addition to any other remedies We may have) charge interest on a daily basis at the rate of three per cent (3%) above the then current European Interbank Overnight Rate; and if any amount remains unpaid after 21 days from the due date for payment We may also invoke clause 7.3 and/or clause 7.6
- 5.3 Payments received from you and any interest charges shall be applied to accounts in the order in which they were issued or made. - 5.13 We are not required to notify You of any special tariffs introduced by Us from time to time. We shall have no liability to You and will not be held accountable in the event that you do not avail of any such special tariff or you have chosen the incorrect tariff. If Your Energy consumption is in excess of what we deem (acting reasonably) to be appropriate for a commercial customer, we will notify you of this and we may change you to an alternative tariff that would be more appropriate for your consumption.
- 5.14 If You pay an equal amount by direct debit each month We may, by giving You notice, change the monthly amount following, for example, a review of your consumption levels or any variation to the Energy Charges.
- 5.15 If you are due for disconnection and do not make an arrangement for payment following this disconnection, your remaining electricity supply will then be disconnected.
